

stir an urge w/
eons then sneeze

I've attached
springs to my
feet &
attempted to
play the
trombone
(naked),
amplified
sharpie
markers &
countless
yards of
packing tape,
fingerprinted
~~several~~

hundred/middle
fingers, turned
google search
headings into
short stories,
instructed folks
to help me
carry paper
bags full of
water, and
once tried to
sell a
cardboard
condominium
(but the police
showed up).
